Additional information

As a learning and teaching environment please note all services and treatments are not available throughout the whole academic year and appointments may be subject to limited days and times. Regular appointments cannot be guaranteed and class timetables and requirements are subject to alterations.

Appointments can vary in length depending on the service and we ask that you make yourself available for the entirety of the treatment. Hair appointments can last up to 4 hours. We ask that you give at least 24 hours notice of a cancellation where possible.

As we are a training environment, students have limited experience and are here to be mentored and gain experience in their chosen field. It is therefore important that as a client you adopt a supportive attitude towards our students. Lecturers do not provide treatments, they are in class to assist, support and supervise the training of students.
